There are three search tabs:

<table>
<thead>
<tr>
<th></th>
<th>Catalogue tab</th>
<th>Articles &amp; more tab</th>
<th>Exams tab</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Find books, journal titles, theses, conference proceedings and multimedia.</td>
<td>Find some journal articles.</td>
<td>Find exam papers.</td>
</tr>
</tbody>
</table>
Tips for searching the Catalogue

The Catalogue search uses keyword searches, similar to the way you search Google.

Keyword searching

Type keywords from the title, author or subject or a combination of all in the search box.

For example:

Looking for an author

Type the name in as a phrase using quotation marks.

For example:

Looking for a book or journal

Type the title in as a phrase using quotation marks.

For example:

Use More search options for advanced searching options.
Your results

The results screen displays items in all formats, as well as availability information.

1. **Refine** your results by format, source type, location, date

2. **Sort** your results by relevance, date, author and title

3. **Find** different versions, formats and editions, using the versions link

4. **Read** the item online, (eg, online journals or e-books) by clicking ‘View online’

5. **Locate** physical items (eg, books or DVDs) by clicking ‘Find in library’
