Printing with Apple Devices

To print from your Apple device you will need to be connected to UoA-WiFi. Information on how to connect to UoA-WiFi are available on our [Wireless and Internet](#) page. Connecting to either UoA-Guest-WiFi or eduroam will not enable you to print.

1. To print on an Apple device, open the print dialogue for your document by clicking the share icon.

2. Then click the Print icon.

3. Tap select printer and select either FollowMe-BW or FollowMe-Colour.

4. You will be prompted to enter your University username and password.

5. Choose your document settings and click print.

6. Go to any FollowMe printer and tap your Campus (ID) card to authenticate and release the print job.
